Litigation

We feel this is an industry that has exploded in recent years. Numerous organisations and firms now compete for your business. Like all fields in which we operate, we believe in providing a professional service of the highest standard.

We can assist from the intimation of a claim, negotiating with the insurance company to the raising and pursuing of court proceedings. We have adopted the voluntary Pre-action Protocol into our practice for communicating with insurance companies. We are proud of the fact that we have an excellent success rate in both obtaining clients cover under the civil legal aid scheme and bringing claims to a satisfactory resolution.

We offer a free no obligation first consultation. If we can assist we shall advise you immediately. In the event that we are unable to, we shall refer you to the agent or organisation best suited to your requirements.

In the event that you wish to apply for civil legal aid then, when attending our office, please take with you two sources of identification along with documentary evidence of your income and capital.

Should you have any queries then please contact our Miss MacIver who shall be happy to assist.

experience you can trust...
